A STATEMENT FROM THE PRODUCERS OF "EXECUTIVE ACTION"

In these pages we have been advertising the film "EXECUTIVE ACTION" as "probably the most controversial film of our time."

It is obvious that WBBM-TV, WGN-TV and WMAQ-TV, Chicago, share this opinion since they have refused to show television commercials for the film on their stations.

We believe the American public has a right to accept or reject on their own the ideas in our film—ideas that may be considered by others to be too controversial.

See "EXECUTIVE ACTION" and you be the judge!
